### County Red Cross Chapter.

Representatives of the various Red Cross branches in Orleans county met in the Goodrich Memorial library at Newport Saturday afternoon and organized a county Red Cross Chapter with C. S. Emery of Newport, director. Mrs. Geo. F. Root of Newport, secretary-treasurer, and D. W. Davis of Derby Line, chairman of the finance committee.

Col. H. C. Pratt of Proctor, chairman of the state chapter was present and explained the reason for organizing county chapters. He stated that the need of a link between the state chapter and the local branches was apparent and that Vermont was one of the very last states to adopt the county organization which he felt sure would prove of great benefit to Orleans county.

The president of each branch was made a member of the executive committee of the county chapter and committee appointments will be made later. Rev. C. W. Kelley of Newport Center acted as temporary chairman and C. A. Davis of Newport as temporary clerk.

### School Exhibits This Fall.

Consolidated town school exhibits are being planned for the towns of Charleston, Morgan, Holland, Brownville and Westmore, comprising the Orleans East supervision district, for this fall. These exhibits will consist of home work done by the pupils. This will consist of garden produce, cooking, sewing, canning, manual work, etc., as these things are considered a legitimate part of the education of children. The work harmonizes nicely with activities in connection with the war situation. Premium lists are now posted in all schoolrooms. The work is to be done by the pupils under the direction and with the help of the parents, but the work must essentially be that of the pupils.

Parents are asked to cooperate as fully as possible in this work. Gardens should be not too large but the children should have careful direction and help and should be encouraged to put their work through to a successful conclusion. The girls can exhibit work in canning, preserving, plain sewing, etc. The earnest cooperation of the parents is requested as they are best fitted to help in this work and are in daily touch with the children of the home. The superintendent will be pleased to explain this work in detail to any and all interested persons.

The annual meeting of the W. C. T. U. was held with Mrs. H. R. Cutler Tuesday afternoon, nine members and a visitor present. The meeting opened with the reading of the 1st Psalm by the president. Prayer was offered by Mrs. E. W. Barron. Roll call, reports of the secretary, treasurer, and superintendents were given. The following officers were elected: President, Mrs. H. R. Cutler; vice president, Mrs. E. R. Cook; second, Mrs. W. H. Gilpin; third, Mrs. John Miller; secretary, Miss A. M. Emerson; treasurer, Mrs. A. P. Underwood; program committee, Mrs. Pearson, Mrs. C. F. Cutler, Mrs. E. R. Cook; superintendent of mothers' meetings and purity, Mrs. E. W. Barron; flower mission, Mrs. O. B. Willard; Mrs. Comstock; literature, Mrs. P. L. Webster, Sunday school, Mrs. P. L. Webster, Mrs. F. E. Nelson.

May 10, 1918. Gentlemen. I wish to make a slight correction in the figures you gave for the Third Liberty loan in the town of Brownington. The total amount subscribed in the town was \$8550, instead of \$8250 as given in the Monitor.

Yours truly, F. S. Foster, Chairman Liberty Loan Committee.

### MORGAN CENTER

Wilfred L. DesLaurier has enlisted the navy and is now located at the naval training station at Newport, R. I.

### RED CROSS DRIVE.

Town Apportionments for the \$8000 County Allotment and Chairmen Named.

Everything is ready in Orleans county for the Red Cross drive for war work funds next week. The amount asked for by the state chapter from Orleans county is \$8,000 and has been apportioned to the branches and towns as given below. The state is asked for \$200,000.

This drive is distinctly a drive for money for the Red Cross war funds and should not be made a part of any membership campaign. Town chairmen will organize teams for the actual canvass and report to the county chairman, Wallace H. Gilpin, of Barton each evening during the week the figures of the campaign. C. S. Webster, treasurer of the Barton Savings Bank & Trust Co., will act as county treasurer for the fund and Rev. G. L. Wells of Glover as director of rallies.

The apportionments are as follows: Albany, W. E. Craig; Barton, J. F. Batchelder; Coventry, C. O. Litchfield; Craftsbury, C. D. Pierce; Derby, Lemuel Davis; Derby Line, B. F. Butterfield; East Charleston, C. N. Moulton; East and South Albany, Mrs. O. M. Rowell; Glover, Bruce Buchanan; Greensboro, Mrs. Wm. Simpson; Irasburg, F. M. Sears; Lowell, Geo. E. Curtis; Missisquoi Valley, Mrs. C. R. Holden; Newport, B. W. Wilcox; Orleans, C. D. French; West Charleston, G. W. D. Reed; Westmore, Mrs. M. E. Calkins.

Twenty-five per cent of the money raised will be sent back to the branch through which it came and there very substantially assist the needs of the local branch treasurer.

While chairmen have been named only where there are branches, allotments have been made by towns for the guidance of places where there are no organized branches. Allotments have been difficult to make because some towns have two branches, in other instances branches include a part of two or more towns.

The apportionments are: Branch Allotment Albany ..... \$150 Barton ..... 1000 Coventry ..... 300 Craftsbury ..... 450 Derby ..... 250 Derby Line ..... 350 (Holland, \$75)

East Charleston ..... 125 East and South Albany ..... 150 Glover ..... 285 Greensboro ..... 275 Irasburg ..... 375 Lowell ..... 175 Missisquoi Valley ..... 475 (Troy, \$335) (Jay, \$40) (Westfield, \$100) Newport ..... 2250 (Newport Town, \$175) Orleans ..... 1100 (Brownington, \$100) West Charleston ..... 225 (Morgan, \$75) Westmore ..... 65 Total ..... \$8000

Field Costly Seed Corn Tester—Use Rag-Doll Method.

Results of the seed-testing work carried on in the schools are being reported to the extension service, University of Vermont and state agricultural college. The county agents and district school superintendents have practically completed their work of demonstrating to the teachers and schools the rag-doll method of seed testing and the children are now at work testing the seeds of the farmers in an effort to determine whether the seed will or will not grow. While it is a somewhat tedious method, the results from this work a brief statement of results thus far reported may induce many farmers to have their seeds tested before planting. Greatest emphasis has been placed on corn since the seed corn seemed to be of such lever generating quality this year than in the average year. To date 80% of the schools reporting have taken up the testing of seed corn, the average germination being 66%. This means that two kernels of corn in three will grow. Here is an alarming condition for if the farmers of Vermont plant their corn expecting it all to grow they have made it absolutely impossible for Vermont to raise more than two-thirds of a crop of corn. This would be almost a calamity this year when every ounce of food is necessary. The rate of germination was from 0 to 100%. No farmer
